

2023-2024 spring semester Class schedule

	8-10	10-12	13-15	15-17
Saturday	Medicinal Chemistry II General Biology Pharmaceutics (Solid Dosage Forms)(8-11)	Pharmaceutics (Solid Dosage Forms)(8-11) Islamic thought I	Analytical Chemistry (Lab) Physiology II	
Sunday	Medical Microbiology I(8-12) Pharmacology I Pharmaceutics (Introduction)	Medical Microbiology I(8-12) Pharmacotherapy III Medical Microbiology II	Medical Microbiology II (Lab) Medical Microbiology I (Lab)	
	Industrial Training			
Monday	Medicinal Chemistry II Immunology(8-12) Persian Language I Biostatistics	Hygiene& Cosmetic Products Immunology(8-12) Physiology I Persian Language II	Pharmaceutics (Solid Dosage Forms) (Lab)	Medicinal Plants(Lab.)
Tuesday	Pharmacology I Analytical Chemistry Pharmacotherapy III Physiology II (8-12)	Physiology I Clinical Biochemistry Physiology II(8-12)	Physiology II(Lab)	
Wednesday	Pharmaceutics(Semi-Solids&Inhalers)	Medical Microbiology II Biochemistry	Medicinal Plants Biochemistry(Lab) Pharmaceutics(Semi-Solids&Inhalers)(Lab)	
	Community Pharmacy Training II(8-13)- Clinical(Hospital)Training (8-12)			
Thursday	Thesis I& Thesis II	Community Pharmacy Training II		

Iran University of Medical Sciences Pharmacy School

- **Note 1:** Practical courses are not offered before Theoretical courses.
- **Note 2:** Theoretical and practical courses are offered simultaneously. In case that these courses are not taken in the same semester, theoretical courses are prerequisite to theoretical ones.
- To take Thesis I, Research Methods and Chemical & Biological Safety Workshops are mandatory.
